

Beanair product chemical content policy/ROHS Compliance Statement

As of the 12th July 2021,

In line with responsible environmental management, **Beanair GmbH**, is continually striving to reduce or eliminate the usage of hazardous substances within its products and manufacturing processes. This includes full compliance with EC Directive 2002/95/EC (Restriction of the use of certain hazardous substances "RoHS") and its amendments 2005/618/EC, 2005/717/EC and 2005/747 /EC, and EC Directive 76/769/EEC (Restrictions on the marketing and use of certain dangerous substances and preparations) including its 24th amendment, 2003/11/EC.

All products manufactured by **Beanair GmbH** after 16th July 2013 comply with the above Directives, and can be deemed "lead-free" within the context of the RoHS Directive. Specifically, Beanair products do not contain Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PDBE), Pentabromodiphenyl Ether (PentaBDE) or Octabromodiphenyl Ether (OctaBDE), above the permitted levels.

Through the release of this information, **Beanair GmbH** aims to assist customers in their evaluation of the potential environmental impact in the end of life assessment and the management of their products. However, **Beanair GmbH** makes no warranty, representation or guarantee regarding the suitability of the information and data provided by **Beanair GmbH** on environmentally hazardous substances nor does **Beanair GmbH** assume any liability arising from the use of this information and specifically disclaims any and all consequential and incidental damages
