SI7500 Loading and Saving Settings and Parts

Plug a USB flash memory stick into the SI7500's USB port. If loading an existing Settings or Part file onto the SI7500, ensure it is mounted onto the memory stick's root directory.

Turn on the unit and enter the setup menu.

- Select the Supervisor screen and enter the supervisor password.
- Press Finish twice to exit the Setup menu.

Re-enter the Supervisor screen in the Setup menu.

Select the Supervisor password field and press the softkey below the "Load.." or "Save.." option.

Select the desired data type to save or load by pressing the softkey below the displayed options.

Follow the on-screen prompts to finalise the data

transfer.
