#### TYPE: DCE

#### **Features**

- Ranges: 100N to 50kN
- Stainless steel construction
- Environmentally sealed to IP65
- Special sizes and ranges available
- O Different mounting options available

### **Typical Applications**

- General force measurement
- Wire tension measurement
- Tensile testing

## DCE Tension & Compression Stainless Steel Load Cell

#### Description

The LCM Systems DCE load cell has been developed for applications that require the measurement of tensile and compressive forces, where space is limited. As with most LCM products, there are special variants that are available for this product. Popular modifications include different thread sizes, integral connectors and high temperature versions.

Typical applications include component testing, weighing systems and general force measurement.

The DCE can be supplied on its own or integrated with any of the wide range of instrumentation products available from LCM Systems.

#### **Specification**

Rated load (Newtons)100, 250, 500 750(Kilonewtons)1, 2.5, 5, 7.5, 10, 25, 50Proof load150% of rated loadUltimate breaking load>300% of rated loadMaximum side load10% of rated loadOutput1.5mV/V at rated load (nominal)Non-Linearity<±0.25% of rated loadNon-Repeatability<±0.1% of rated loadExcitation voltage10vdc recommended, 15vdc maximumBridge resistance350Ω (25kN and 50kN: 700Ω)Insulation resistance>500MΩ @500vdcOperating temperate range-20 to +70°CCompensated temperature range-10 to +50°CZero temperature coefficient<±0.01% of rated load/°CSpan temperature coefficient<±0.01% of rated load/°CEnvironmental protection levelIP65Connection type2 metres 4-core screened PVC cableWiring connections+ve supply: Red-ve supply: Blue+ve signal: Green-ve signal: Yellow

#### **Available Options**

- Special ranges and sizes available
- Rationalised output available
- Different thread sizes available
- Integral connector option
- High temperature variants
- Different mounting options
- TEDS option (when used with TR150 handheld display)

# DCE Tension & Compression Stainless Steel Load Cell

#### **Dimensions**

Rating	Part Number	Thread "T"	ØD	L	н	Weight (g)	Resolution
