LT-4301TM

Model : PFXLM4301TADDK
PFXLM4301TADDC
PFXLM4301TADAK
PFXLM4301TADAC

Notice to our valued customers who use LT4000M series (analog model) :
You may experience instances when analog signals are output while the LT4000M is starting up.

Measures :
External equipment connected to analog output terminals should be design so powering up occurs only after the LT4000M has started up.
Considering the above, if the LT4000M and external equipment have different power supplies, please design your system with momentary power interruptions in mind.
