Panel-Cut Conversion Attachment Brackets (PL-69X0 Series) Installation Guide

This guide covers the following product.

• APL3600-ATP69X0-01

This conversion attachment brackets are used to install the PL-3600T series to the panel cut hole for installing the PL-6900/6920/6930 series.

Corresponding models: PL-3600T series (hereafter referred as the "PL")

About the Manual

For the detailed information on the PL, refer to the following manuals.

• PL3000 Series Hardware Manual

Manuals for PL3000 series can be downloaded from Pro-face Home Page. URL http://www.pro-face.com/otasuke/

Safety Cautions

Installation

- When installing the brackets to the PL, be sure to read this guide completely to insure that the brackets are correctly installed.
- Use the provided mounting screws only and tighten them with proper torque. The PL may drop out of the panel.
- Do not drop and damage the brackets. Using the deformed brackets may cause the PL's drop out of the panel.

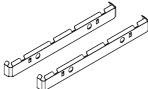

Precaution at disposal

 When the brackets are disposed of, it should be done so according to your country's regulations for similar types of industrial wastes.

Package Contents

 Conversion Attachment Brackets (2) (APL3600-ATP69X0-01)

- (2) M3 x 6 mounting screws (8)

Structure

When installing the PL to the panel with the brackets, the PL does not conform IP65f standards. If conforming to the IP65f standards is required, do not use the brackets.

Vibration Resistance

The vibration resistance of the PL installed to the panel with the brackets is as follows;

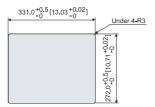

| Vibration Resistance | Without HDD | IEC/EN61131-2 compliant |
|----------------------|-------------|--|
| | | 5 to 9 Hz single-amplitude 3.5mm [0.14in.] |
| | | 9 to 150 Hz constant-acceleration 9.8m/s ² |
| | | X, Y, Z directions for 10 cycle (100 minute) |
| | With HDD | 10 to 57 Hz single-amplitude 0.0375mm [0.0015in.] |
| | | 57 to 150 Hz constant-acceleration 4.9m/s ² |
| | | X, Y, Z directions for 10 cycle (100 minute) |

Panel Cut Dimension

The brackets are used to install the PL-3600T series to the panel cut hole for installing the PL-6900/6920/6930 series.

The panel cut within the following mounting hole enables to install the PL.

Unit: mm [in.]

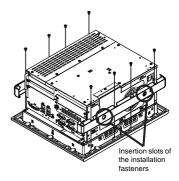

Installation With The Brackets

As shown in the following figure, fix the two brackets to the PL-3600T series with eight screws.

Be sure to use the installation gasket and mount it correctly, then attach the brackets.

Both brackets have no difference so that you can install each bracket to the top or bottom of the PL.

Be careful for directions of installation. The torque should be 0.5 to 0.6 N·m.

Tight the four provided installation fasteners on the top and bottom of the PL. Be careful for the insertion slots location of the fasteners. The torque required to tighten these screws is 0.8 N·m.
