Installation

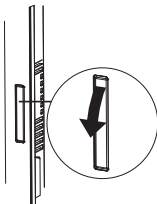

CAUTION

RISK OF INJURY

When opening the front USB cover, be careful not to injure your fingers.

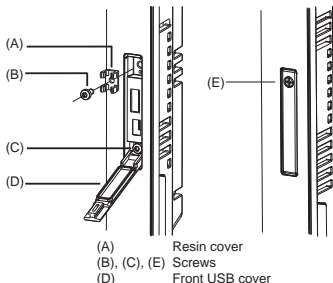

Failure to follow these instructions can result in injury or equipment damage.

- Place your finger or a tool such as a screwdriver in the gap on the top of the front USB cover and pull down.

- Unscrew the upper screw (B) and remove the fixed black resin cover (A).
- Unscrew the lower screw (C) and remove the existing front USB cover (D).

- Fasten the lower hole in the new front USB cover to the lower installation hole on the display unit using screw (C).
- Close the cover and fasten it to the display unit using screw (E) of the product.

NOTE: The necessary torque is 0.5 N•m (4.4 lb•in).
